

## NO SYSTEMS USED IN MUSTERING OUT MEN

### NOT OR INDIRECT DISCHARGES ISSUED.

Estimated That It Requires Thirty Days to Get Out of Army, Once In.

Other of two systems are employed at Camp Greenleaf in mustering out men out of the service, depending upon the distance of the camp from individual soldiers' homes. The men are given direct or indirect discharges. The camp is situated within a radius of 100 miles from the enlisted man's home. If he is given his physical examination, his papers are signed complete, and he is given his discharge, the man is arranged for and he sets out on his home. If, however, as is frequently the case, the distance from the camp to a soldier's home is greater than the 100 mile zone, a train load of men are collected and together with a considerable number of officers, usually based upon the ratio of about six to one, are sent to a station where they are given their discharge and are sent to their homes. Here they are mustered out and given their discharge. This plan is being followed at Camp Greenleaf, and in fact, it is understood all the cantonnements are following the same plan. About 5,000 have already been sent to their homes from Camp Greenleaf, the men residing within the 100 mile zone being given their discharge in order to accommodate the soldiers who are expected.

Estimated by Capt. Hall, intelligence officer, that when troops begin to arrive at Camp Greenleaf, which is already being designated as a demobilization center for certain organizations, it will require thirty days for the men to receive their discharge after arriving at the camp. This length of time will be required to give physical examinations and prepare the individual papers and necessary records. As soon as the work of demobilization is under way and large numbers of men are being discharged, the men are sent to their homes from Camp Greenleaf, the men residing within the 100 mile zone being given their discharge in order to accommodate the soldiers who are expected.

Have you ever tried to travel on a mile and that without a job? This is the problem of the soldier of the United States army is when they receive their honor discharge from the service. They are sent to their homes from Camp Greenleaf, the men residing within the 100 mile zone being given their discharge in order to accommodate the soldiers who are expected.

When they are discharged, they are sent to their homes from Camp Greenleaf, the men residing within the 100 mile zone being given their discharge in order to accommodate the soldiers who are expected.

## MISS ADA HALL

Resident Here for Many Years. Dies After Short Illness. Miss Ada Hall, for many years a resident of Chattanooga, died Wednesday morning in a local sanatorium after an illness of three weeks.

Miss Hall was born in New Orleans, and her early life was spent in that city. She removed from New Orleans to Florida and later became a resident of this city.

For ten years she was connected with the downtown floral establishment of Mrs. J. W. Crouch. She was loved by a host of friends. Miss Hall was an active member of Christ Episcopal church during her residence here.

For a number of years she resided in the home of the late James A. and Mrs. LeClair. Mr. LeClair passed away a few days ago.

The deceased was a connection of Mrs. J. D. Egar. She has a brother, Lewis Hall, in New York City. Other survivors are two nieces, Mrs. Walter Hale, of Jacksonville, Fla., and Mrs. Walter Smith, of New Orleans, and two nephews, Livingston Lock, of Jacksonville, and Reston Hall, of New Orleans.

The body will be sent to New Orleans, where it will be placed in the family vault.

## MRS. G. L. RAMSEY

Member of Well Known Family Dies. A telegram just received by relatives contains the sad intelligence of the death of Mrs. George L. Ramsey, which occurred in Nashville at 11:30 Wednesday morning. She was a victim of pneumonia. Before her marriage Mrs. Ramsey was Miss Lillie Scholze, member of a well known Chattanooga family. She is survived by her husband, two daughters, Mrs. L. L. Ramsey, of Nashville, and Mrs. L. L. Ramsey, of Nashville.

Her husband, George L. Ramsey, was a prominent business man in Nashville. He was a member of the Nashville Chamber of Commerce and the Nashville Board of Trade. He was also a member of the Nashville Athletic Club and the Nashville Golf Club.

His death was a great loss to the family. He was a devoted husband and father. He was also a successful business man. He was a member of the Nashville Chamber of Commerce and the Nashville Board of Trade.

## ROLL CALL NETS

5,000 NEW MEMBERS

RED CROSS CAMPAIGN IN FULL SWING.

Women's Organization, Under Mrs. Harry Lacey, Among Most Earnest Workers.

From reports that were coming in to the office of the headquarters for the Red Cross campaign Wednesday morning, the committee workers have been meeting with great success. Publicity Director Joe Cummings said that while the reports have not all been turned in to the office, it is safe to estimate that the total membership that have been taken out so far have reached something over 5,000.

With the remainder of the week left, an additional 20,000 names must be secured in order to obtain Chattanooga's quota, and the managers of the campaign declared that it is going to take everybody's help throughout the entire community to raise the additional amount needed.

Perhaps the most enthusiastic body of workers connected with the campaign have been the women. The organization that was perfected under the leadership of Mrs. Theo King during the fourth liberty loan drive was called upon to help in the Red Cross roll call, and practically every one of the women, under the direction of Mrs. Harry Lacey, has been on the job and are covering their respective territories.

The women workers are now standing with but very few changes from the liberty loan organization, are as follows: Division A, Mrs. T. H. Johnson and Miss M. L. Kavanagh; division B, Mrs. M. L. Lacey; division C, Mrs. E. F. Whelan; division D, Mrs. John Patten; division E, Mrs. Stephen Doughton; division F, Mrs. E. F. Whelan; division G, Mrs. Earl Cook; and division H, Mrs. Lucius Mansfield.

It is understood that the canvassers in the industrial section of the city have practically been completed, but the reports are just beginning to come in to headquarters. The downtown district is now being worked by the women workers, and it is expected during the afternoon from this section of the city.

The work that is being conducted among the colored people of the city is in charge of the colored people (colored), who is chairman, and Mrs. Ida Alexander (colored), vice-chairman. They expect to conduct the canvassers in the colored section of the city, and have arranged to have meetings in all of these institutions. In addition to this a house-to-house canvass will be conducted, and the colored people will be given an opportunity to join the Red Cross.

## WILL PLACE MEMORIAL ON COURTHOUSE LAWN

WEAKNESS OF FLOOR PROVES LUCKY.

Bust of Gen. A. P. Stewart Can Be Seen by Thousands Instead of by Few.

Other officials about the courthouse stated that the statue should be placed on the lawn where it would be seen daily by thousands of people, whereas if it was placed in the courthouse it would only be seen by lawyers and litigants having business in the courthouse.

It will be remembered that a resolution authorizing the placing of the statue on the courthouse lawn was passed by the county court. However, as the floor did not support the weight of the bust and base, the resolution was rescinded and it is now proposed that the statue be placed on the courthouse lawn.
